

Paris Air Show (Paris, June 19 – June 25, 2017) is THE largest event in the world for the aerospace industry. It is the international meeting place for all those involved in the air and space industries.

Around 350 U.S. exhibitors will showcase their latest equipment and products. Many of these cutting-edge companies are [looking for agents, distributors and end-users throughout the world](#).

We can connect you with these companies - for free. Visit <https://emenuapps.ita.doc.gov/ePublic/ifp-req/1021> and we will help you connect with exhibitors or get product information to you before the show.

We encourage you to stop by and visit our team of Commercial Specialists on hand to help you make contacts. We will be located in Hall 3, stand E-97. Please take the time to contact us so we can help you make the most of your visit to the Paris Air Show. If you are not attending the Paris Air Show, but wish to get to know any of the companies in our directory, we will be happy to make the initial contact and/or provide you with other information concerning aerospace companies in the United States.

We look forward to meeting you at the Paris Air Show 2017.
